

301 W. Greene Street, Greensboro, GA

A Message from the Property Owners of 301 W. Greene Street in Greensboro, GA

With ***The Wildflower 301's*** pending departure from 301 W. Greene Street on December 31, 2026, we know there are many questions and concerns. There are aspects of the transition that are not ours to speak about publicly, and we want to be respectful of the parties involved, but today we want to address the transition directly.

Adventure Together Barns LLC, a Florida Limited Liability Company, has operated at 301 W. Greene Street as a Tenant under The Wildflower 301 brand since late 2021. The property is separately owned by a Georgia LLC partnership and will remain under the care and stewardship of its owners for the foreseeable future. Our greatest concern is what Wildflower 301's departure means for couples who have weddings or events scheduled for 2027 and beyond.

We want to make one thing very clear: 301 W. Greene Street will continue to operate as a wedding and event venue. The property is not closing, and its future as a special place for weddings, celebrations, and other extraordinary events remains . A new operator and brand will be announced imminently.

Nonetheless, all questions regarding existing contracts, deposits, payments, or other arrangements made with The Wildflower 301 should be directed to The Wildflower 301. Their lease term expired August 31, 2026, and was amended to December 31, 2026 at their request. Arrangements, payments and bookings made by The Wildflower 301 with its customers are exclusively matters between those parties and The Wildflower 301.

Understanding that this message may be overwhelming to couples who have imagined their wedding day in the English gardens, 301 W. Greene Street Property Owners are open to working with anyone who would like to have their events remain in Greensboro. We want to hear from you, especially those with booked dates. Though we cannot promise that we are able to resolve every single situation (we have no details on what has been booked) we are ready to seek solutions.

Many important days have taken place at 301 W. Greene Street. People have been married here, celebrated here, and created memories here. Though there have been many names for this historic property, what will not change is its role as a place where people gather to celebrate life's important moments. Our commitment is to care for this special place thoughtfully and responsibly and to honor the people, memories, and history that have made 301 W. Greene what it is today.

We care deeply about what happens here, and we care about the people who are impacted by this transition. We are excited to carry on 200 years of tradition and hospitality.

Contact us via email us at info@301GreeneSt.com to continue moving toward the day of your dreams.

Sincerely,

301 W. Greene Street Ownership.
